

# Postgraduate Certificate in Business Forensics

## AC053A

Apply  
NOW!

This programme equips students with accounting knowledge, IT and investigation skills so that they would be able to analyse the financial statement, prevent computer hacking and safeguard the company from fraud incid-

### Programme Structure

The course consists of 3 subjects:

Module	1) Forensic Accounting
	2) Digital Forensics and Information Technology Safety
	3) Internal Controls - Concepts and Issues

Forensic Accounting is an emerging area in accounting profession, showing that there are students' needs to equip themselves with the knowledge for further career advancement.

The programme structure would be more enhanced and comprehensive if it includes the IT course and also the course of internal controls; 'Digital Forensics and Information Technology Safety' focuses on digital forensic from the management perspective whereas 'Internal Controls-Concepts and Issues' reviews the internal operations.

It is a coherent, relevant and practical programme which equips student with knowledge and skills in forensic accounting, Digital forensics and operational internal Controls.

## Entry Requirement
