

Procedure to configure Apple iOS to support HKUSPACE WiFi

- 1 Turn on your iOS device and navigate to the home screen. Locate and Tap the **Settings** icon.

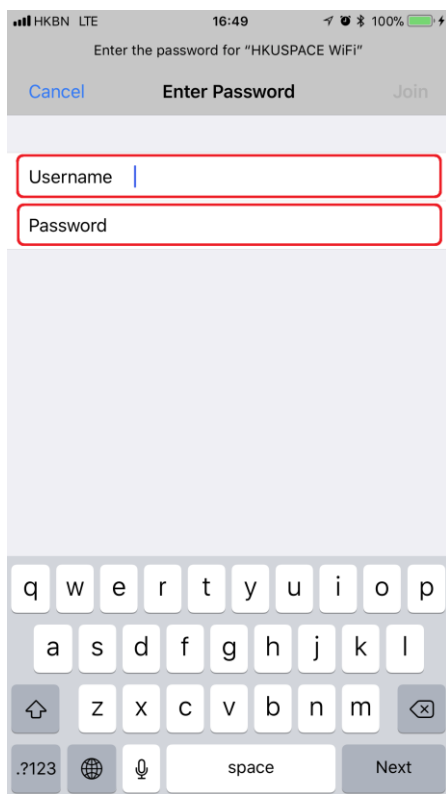

- 2 Tap the **Wi-Fi** button.

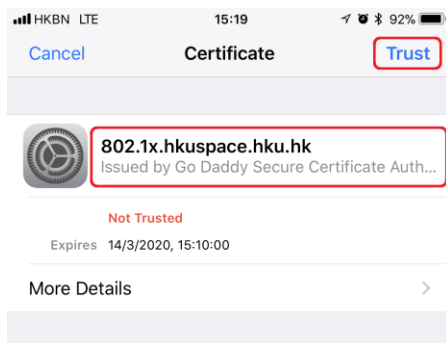

- 3 While you are on HKU SPACE campus, ensure that WiFi is turned **ON** and tap "**HKUSPACE WiFi**".

- 4 Enter your username and password.
- a. For Student
Username: **Student_LoginID@hkuspace.hku.hk**
Password: **Learner Portal Password**
 - b. For Staff
Username: **Staff_LoginID@hkuspace.hku.hk**
Password: **Staff Intranet Password**
 - c. For Teacher
Username: **Teacher_LoginID@hkuspace.hku.hk**
Password: **Teacher Portal Password**

- 5 Tap **Join**
- 6 You will be asked to accept the certificate, **802.1x.hkuspace.hku.hk**, signed by **Go Daddy Secure Certificate Authority - G2** the first time you connect. Click **Trust**.

7 You should now see "HKUSPACE WiFi" as your selected network.
