

Executive Certificates in Big Data, A.I. and Investing

行政人員證書《大數據，人工智能與投資》

This programme aims to provide students with knowledge in Big Data and Artificial Intelligence technologies and their applications in investment management. Students are expected to be familiar with different big data analyses and A.I. processes. The programme provides an insight on how the current development in these two areas assist and influence investment decision and behaviour.

On completion of the programme, students should be able to:

1. evaluate different methodologies on Big Data analytics and AI technologies affecting investment decisions;
2. identify the limits and potentials of data mining and predictive analytics on investing;
3. make use of off-the-shelf online Big Data software for investing reference;
4. apply and analyze using big data concepts and forecast their results through case studies.

Programme Structure

Executive Certificate will be conferred to candidates who have achieved at least 70% attendance as well as attain pass grades of the programme.

Entry Requirement

Applicants shall hold:

- a. a bachelor's degree awarded by a recognized University or equivalent; or
