

# Executive Diploma in Sustainable Finance and Investment

## 行政人員文憑《可持續發展金融與投資》

The programme aims to give participants a holistic view of the latest development of sustainable finance and investment. The topics cover a wide range of hottest issues in this field from basic sustainable investment to more in-depth social venture capital. As this field is a cross-disciplinary study and still emerging, a practical approach is adopted to outline the mindset change of decision makers with real-life case studies.

### Module 1: Introduction to Sustainable Finance and Investment (30 hours)

On completion of the module, students should be able to

- ✓ identify the basics of sustainability models and theories;
- ✓ discuss the relationship between investment return expectations, economic growth and sustainability initiatives;
- ✓ acquire the skills to produce environment, social and governance analysis and report.

### Module 2: Application of Sustainable Finance and Investment (30 hours)

On completion of the module, students should be able to

- ✓ apply tools for effective sustainable financial valuation and risk assessment;
- ✓ associate and examine the relationship among sustainability initiatives;
- ✓ analyze and interpret the monetary value of sustainable investing;
- ✓ create plans to support financial sustainability.
