

Executive Workshop “Deep Dialogue Coaching Using the LEGO® SERIOUS PLAY® Materials and Methodology” (MGNT9341A)

行政人員工作坊：樂高認真玩系列 - 深度對話教練技巧

Coaching could be much more than verbal communications. LEGO bricks, with the use of LEGO® SERIOUS PLAY® and a deep dialogue methodology, could create a new dimension of communication as visual dialogue.

The four-phase LEGO® SERIOUS PLAY® and deep dialogue methodology will guide participants in a state of flow through a series of structured steps to think, build, tell a story, reflect and refine, to develop a deeper understanding on the issue at hand. And at the end, assist the coaches to help the coaches find the solutions.

Programme Structure

Workshop Objectives

- To equip students with the basic usage of LEGO® Serious Play® as an effective visual tool to complement their coaching style
- To sharpen the coaching skills of students through the four-phase LEGO® SERIOUS PLAY® and deep dialogue methodology
- To apply the methodology in coaching to broaden the mind of the coaches through a series of brain activity for better coaching outcomes.
