SUPPLY CHAIN AND LOGISTICS MANAGEMENT

ABOUT THE UNIVERSITY

University of Plymouth is one of the UK's most prominent and dynamic universities with an educational history dating back to 1862. It is a world class university with an outstanding track record of excellence in teaching and research, and a commitment to working with partner institutions within the region, nationally and internationally.

Many of its graduates are presently employed in global supply chain and logistical businesses. The school is associated with a number of commercial and international organizations including

The International organisations are The Chartered Institute of Logistics and Transport, The Institute of Chartered Shipbrokers and The Nautical Institute.

HKU SPACE is the lifelong learning and continued education arm of the University of Hong Kong. One of its key missions is to provide learning opportunities for personal, professional and career advancement for people from all walks of life. It is the leading local provider in continuing education. Enrolments since 1956 have exceeded 2.5 million and annual enrolment now exceeds 100,000.

ABOUT THE PROGRAMME

Bachelor of Arts (Honours) International Trade and Operations Management

This top-up degree programme aims to develop your understanding of current management issues through contemporary case studies, government legislation as well as philosophical, ethical and environmental debates. You will have the opportunity to increase your knowledge of issues in the global supply chain involving operations and

global enterprise, international trade, logistics management, as well as undertake a research module introducing you to the research process and sources of data used in international logistics. It is practically designed for those who are interested or working in the logistics industry and many of its graduates are presently employed in global trade, supply chain and logistical businesses.

Award

This bachelor programme confers offshore degrees carrying the same academic status and recognition as that offered to University of Plymouth's on-campus graduates.

Students are expected to graduate

from the registered programme of study upon satisfactory completion of all stated modules, and they will be awarded the Bachelor of Arts (Honours) International Trade and Operations Management from University of Plymouth.
