Professional Diploma in Urban Forestry
Programme Code: HS206A

Application Code: 2175-HS206A

📞 3762 0096   ✉️ lily.twl.chan@hkuspace.hku.hk

This programme is enlisted as a recognized programme by the Urban Forestry Support Fund – Study Sponsorship Scheme. The amount of subsidy given to each eligible student under this programme is 70% of the payable tuition fee or HK$35,000, whichever is less. Regarding the eligibility of the Study Sponsorship Scheme, please refer to the official homepage of Urban Forestry Support Fund.

The programme aims to equip students with theoretical, technical, and professional knowledge and skills in ecological sciences of plants, shrubs, trees, landscape, and wildlife habitats, as well as sustainable development and management of urban forestry.

R Applicants shall:
- have gained in the HKDSE Examination Level 2 in five subjects including English Language and Chinese Language; or
- have gained in the HKCEE Grade E in three subjects and Level 2 in English Language# and Chinese Language*; or
- hold a qualification of Certified Arborist of the International Society of Arboriculture with at least 2-year relevant work experience.

Applicants who do not possess the above qualifications but are aged 23 or above with 2-year relevant work experience may also be considered. An interview may be necessary in such cases. Each application must be accompanied by supporting documents of required academic or professional qualifications.

Certificate for Module (Sustainability Professionals)
Programme Code: IT073A

Application Code: 2165-IT073A

📞 3762 0096   ✉️ lily.twl.chan@hkuspace.hku.hk

This programme is designed for those working on all aspects of environmental, social and governance (ESG) planning in business and finance. The programme will provide an understanding of the global ambition of the Sustainable Development Goals and the Paris Climate Agreement, show the links to international and local sustainability standards and metrics, and follow this through to the practical challenges of materiality assessment and stakeholder consultation necessary for a company's ESG report. From high-level policy to practical detail, this programme will expose participants to the full range of issues related to sustainability stewardship and illustrate the practical risks and opportunities facing companies in cities like Hong Kong.

R Applicants shall hold a bachelor's degree awarded by a recognized institution.
If the degree or equivalent qualification is from an institution where the language of teaching and assessment is not English, applicants shall provide evidence of English proficiency, such as:
- an overall band of 6.0 or above with no subtests lower than 5.5 in the IELTS; or
- a score of 550 or above in the paper-based TOEFL, or a score of 213 or above in the computer-based TOEFL, or a score of 80 or above on the internet-based TOEFL; or
- HKALE Use of English at Grade E or above; or
- HKDSE Examination English Language at Level 3 or above; or
- equivalent qualifications.

Certificate for Module (Applied ESG and Intelligent Technologies)
Programme Code: IT099A

📞 3762 0842   🛡️🌐📚 ⑥ 🌀

✉️ judy.cheung@hkuspace.hku.hk

Environmental, Social, and Governance (ESG) means using environmental, social and governance factors to evaluate companies on how far advanced they are with sustainability. With the wide adoption of intelligent technologies (such as artificial Intelligence (AI), Data Science, Cloud Computing, Internet of Things (IoT) etc.), global business operations are rapidly redefining that they are becoming more digital, more connected and increasingly more automated. This programme aims to provide an overview of intelligent technologies and how their applications could impact companies' ESG performance. Students will understand the importance of ESG and its impact on businesses; be aware of the rising digital transformation in ESG with intelligent technologies, their applications and effectiveness on different business sectors; as well as some techniques for implementing these technologies to improve ESG and sustainability performance of companies.

🅡 Applicants shall hold a bachelor's degree awarded by a recognised institution.

Environmental, Social, and Governance (ESG) means using environmental, social and governance factors to evaluate companies on how advanced they are with sustainability. With the general public increase in awareness of these factors, it becomes critical for the management staff of organizations to take these factors into their management plan to keep their business competitive and maintain investors confidence. This programme aims to provide the management staff of organizations with an overview in applied ESG and sustainability. Students will understand the

challenges, advantages and application of ESG and sustainability management; be aware of the different tools, standards, technologies and techniques for leadership deployment in the area; and understand different aspects of leadership and develop strategic plans for ESG and sustainability through various cases studies.

🅡 Applicants shall hold a bachelor's degree awarded by a recognised institution.
