

Certificate for Module (Applications and Management of Regenerative Medicine)

Programme Code: HS193A

☎ 3762 0097

✉ rosa.chan@hkuspace.hku.hk

Regenerative medicine is about the repair or replacement of damaged cells, tissues, and organs in relation to more than one of the following fields: cell and molecular biology, material science and engineering, immunology and genetics, physiology and pharmacology and even surgery and transplantation. Due to the recent rapid development of regenerative medicine technology, there are many business opportunities of regenerative medicine in medical areas available to people.

Advanced Certificate in Exercise Rehabilitation and Nutrition Therapy for Sports Injuries

Programme Code: HS190A

Application Code: 2170-HS190A

☎ 3762 0833

✉ timothy.yeung@hkuspace.hku.hk

Treatment of sports injuries at the right time with proper technique, equipment and diet are crucial for full recovery. The combination of nutrition and physical therapies is essential to promote optimal outcomes. This programme aims to provide knowledge and skills in the areas of exercise rehabilitation and nutrition therapy for those who are interested in the treatment of sports and exercise injuries, such as athletes, personal trainers, coaches, nutritionists, dietitians and other health professionals. In addition to the basic principles of exercise rehabilitation and nutrition therapy, cutting-edge scientific based strategies and practical skills for injury recovery will also be covered.

- R** Applicants shall:
- hold a bachelor's degree awarded by a recognised university; OR
 - hold an Associate Degree or a Higher Diploma awarded by a recognised institution with at least 1 year related work experience; OR
 - have gained four passes in the HKCEE plus English Language at Level 2* with at least 3 years related work experience; OR
