

### Postgraduate Diploma in Human Resource Analytics and Organisation Change Management

Programme Code: MS155A

Application Code: 2275-MS155A

2975 5690

betty.kwong@hkuspace.hku.hk

In today's world of data abundance, artificial intelligence and human resource analytics can help leaders of an organisation make more informed and insightful decisions about its employees. However, to truly become an insight-driven organisation, behavioural changes may be necessary for employees to embrace data-driven problem-solving and decision-making as part of its organisation culture. The programme aims at, not only to equip human resource and people management professionals with the skills of Artificial Intelligence and human resource analytics, but also with the competence of managing challenges related to behavioural changes, such as conflict resolution, culture and change management.

Graduates of the Postgraduate Diploma in Human Resource Analytics and Organisation Change Management will be able to articulate to the Master of Arts Human Resource Management with 2 module exemptions.

### Certificate for Module (Predictive HR Analytics for Workforce Management)

Programme Code: HR139A

Application Code: 2360-HR139A

2975 5690

betty.kwong@hkuspace.hku.hk

This programme aims to equip students with the knowledge and skills to identify and apply appropriate predictive HR analytics to manage different stages of the talent life cycle, from recruitment, onboarding to retention.

The programme begins with an introduction to the types of analytics used today and how to apply predictive HR analytical tools to different workforce scenarios. The final part of the programme equips students with the skills and knowledge to report findings and insights for business and workforce management decision-making.
