LEARNING SPACES
Your Department [of Extra-Mural Studies], which was instituted by the Court yesterday, is the most important of all our departments as far as public relations are concerned. Planned aright and if given full scope, your work will touch every section of the community, every stratum of our society; it is the most important means of explaining or making available to the masses the knowledge accumulated by the few.

A congratulatory message delivered by Sir Lindsay Ride, the Vice-Chancellor of The University of Hong Kong dated 22 May 1957.

The University of Hong Kong’s Department of Extra Mural Studies (DEMS) was established in 1956/57, the first continuing education unit in a university in the region. DEMS played a significant role in the provision of lifelong learning opportunities for the wider community. In 1992, it was renamed as the School of Professional and Continuing Education (HKU SPACE). The University has a recognised role in lifelong learning and, as the continuing education arm of the University, HKU SPACE fulfills this part of the University’s mission by providing learning opportunities for personal, professional and career advancement for people from all walks of life.

· Global Master Series
· Executive Workshops
OUR FULL-TIME PROGRAMMES

HKU SPACE has offered full-time programmes leading to sub-degree awards – Associate Degree, and Higher Diploma since the year 2000 when the School established the first Community College in Hong Kong. Sub-degree education provides an alternative study pathway for those secondary school graduates who could not enter university. Sub-degree graduates can have a second chance to continue their studies in a tertiary institution or start their career after graduation.

In 2003, the School established the International College (formerly Centre for International Degree Programmes) to provide full-time top-up degrees for those Community College graduates who would like to pursue a bachelor degree awarded by public universities in the UK and Australia. The study programmes can be completed in Hong Kong without going overseas.
INTRODUCTION

HKU SPACE Community College (CC) is now regarded as a premier educational institution offering a comprehensive range of award-bearing programmes in many subjects leading to sub-degree awards (Associate Degree / Higher Diploma). Successful completion of any academic programme offered by the CC leads to an award within the University of Hong Kong system through HKU SPACE. Its high-calibre programmes are designed to align with university curricula with the chief aim of providing students with additional pathways to enter university degree studies as well as to prepare them for specific professions.
